Education

Coventry University | Coventry, UK
MSc Data Science with Computational Intelligence | 09/2025

Coventry University | Coventry
BSc Computer Science | 07/2024

Created machine learning algorithms to predict crime in the UK by using real-life data for my final project. Graduated with a 2:1 Honours.

Skills

Languages: Fluent in Croatian and English, currently studying German

Programming Languages: Python, C++, Swift, SQL, .NET, currently learning Javascript

Technologies: Cloud Infrastructure, Automation, Algorithm Design, Databases, Data Visualisations

Experience

GXO | West Midlands, Bedworth
Stock Controller - Part Time | 11/2023 - 02/2024

- Visualised inventory data, leading to a reduction in stock discrepancies and a significant increase in warehouse efficiency.
- Proficient in inventory management software and skilled in building strong supplier relationships.

Co-operative | West Midlands, Bermuda Park
LLOP Driver - Part Time | 10/2023 - 12/2023

- Operated LLOP equipment within the warehouse, contributing to the increase in order processing efficiency.
- Focused on safety and workflow improvement, maintaining zero accidents at the workplace.

ServiceNow | Surrey, Staines
Site Reliability Engineer - Placement Year | 07/2022 - 07/2023

- Proactively monitored Linux server performance, insured reliability by fixing critical issues, and maintained MariaDB, RaporDB and SQL databases
- Troubleshoot technical challenges, such as broken database replication and disk space limits, to prevent disruptions and ensure a reliable experience.
- Collaborated with a team of talented engineers during my placement to develop a dashboard using the ServiceNow architecture that automated daily SRE tasks, significantly reducing manual workload.
- Stepped into a coordinator role, effectively distributing tasks and ensuring timely resolution of issues, demonstrating emerging leadership skills.

Hermes | West Midlands, Coventry
Warehouse Operative - Part Time | 10/2021 - 02/2022

- Handled warehouse equipment and adapted to various operational tasks, worked with heavy items and cleaned the workplace when needed.

A1 Croatia | Split

IT Support Technician - Summer Job | 06/2020 - 09/2020

- Provided technical support to end-users by troubleshooting hardware and software issues

Interests and Achievements

- A former athlete, played waterpolo, won 10+ Croatian Championships and a silver medal in the European Championship
- Currently developing my own portfolio website and algorithms to automate etsy sales
